INTRODUCTION

The Illinois Register is the official state document for publishing public notice of rulemaking activity by State governmental agencies. The table of contents is arranged categorically by rulemaking activity and alphabetically by agency within each category. Rulemaking activity consists of proposed or adopted new rules or amendments to or repealers of existing rules, including those by emergency or peremptory action.

The *Register* also contains Executive Orders and Proclamations issued by the Governor, notices of public information required by State statute, and activities (meeting agendas, Statements of Objection or Recommendation, etc.) of the Joint Committee on Administrative Rules (JCAR), a legislative oversight committee which monitors the rulemaking activities of State agencies. In addition, the *Register* contains a Cumulative Index listing alphabetically by agency the Parts (sets of rules) on which rulemaking activity has occurred in the current *Register* volume and a Sections Affected Index listing, by Title of the *Illinois Administrative Code*, each Section (including supplementary material) of a Part on which rulemaking activity has occurred in the current volume. Both indices are action coded and are designed to aid the public in monitoring rules.

The *Register* will serve as the update to the *Illinois Administrative Code*, a compilation of the rules of State agencies. The most recent edition of the *Code* along with the *Register* comprise the most current accounting of the State agencies' rules.

The *Illinois Register* is the property of the State of Illinois, granted by the authority of the Illinois Administrative Procedure Act [5 ILCS 100/1-1 et seq.].

- 12) Initial Regulatory Flexibility Analysis:

- A) Types of small businesses, small municipalities and not for profit corporations affected:

A Designated Management Agency (DMA) is a private or public entity which, under the provisions of the Clean Water Act, has responsibility for planning, treating or transporting domestic liquid wastewater and its residual solids. Only these entities may seek amendments to the Illinois Water Quality Management Plan. This includes agencies responsible for plan implementation by their own direct activities, agencies responsible for overseeing the performance of any person or entity through regulatory or other means, and agencies that review or coordinate overall water quality management agency actions (*Areawide Water Quality Management Plan, 8.01 (b)*). Thus, small businesses or not for profit corporations are not designated management agencies. As regards to small municipalities, background discussions pertaining to the establishment of a water quality review schedule, indicated that, in most cases, small municipalities will incorporate the fee costs into their existing development approval costs recapture processes.

- B) Reporting, bookkeeping or other procedures required for compliance:
 Submittal of fee is all that is required.

- C) Types of professional skills necessary for compliance: None

SOURCE: Adopted at 18 Ill. Reg. _____, effective _____.

SUBPART A: GENERAL

Section 399.10 Purpose

The purpose of this Part is to establish procedures for the collection of fees from applicants requesting the Northeastern Illinois Planning Commission (the Commission) to review an application to change the boundaries of a wastewater facility planning area under Section 33.5 of the Northeastern Illinois Planning Act (the Act).

Section 399.20 Definitions

Unless specified otherwise, all terms shall have the meaning set forth in the Act.

NORTHEASTERN ILLINOIS PLANNING COMMISSION

NOTICE OF PROPOSED RULES

For the purposes of this Part, the following definitions shall apply:

Agency means the Illinois Environmental Protection Agency.

Applicant means a private or public entity authorized under the provisions of the Clean Water Act to seek amendments to the Illinois Water Quality Management Plan (the Plan), which includes a facility planning agency or designated management agency for the area that is the subject of the proceeding or the Illinois Environmental Protection Agency and the Commission.

Completed Application means the Northeastern Illinois Planning Commission's Water Quality Management Plan Amendment Application with all sections completed that relate to facility planning area boundaries.

Commission means the Northeastern Illinois Planning Commission.

Designated Management Agency (DMA) means a private or public entity that, under the provisions of the Clean Water Act, has the responsibility of planning, treating or transporting liquid domestic wastewater and its residual solids.

Facility Planning Area (FPA) means a defined geographical area for the planning, treatment or transport of liquid domestic wastewater and its residual solids.

Fee means the fee authorized by Section 33.5 of the Act.

Level I processing means review by the Commission of a request for boundary changes that are areawide in their impact or that have extensive ramifications to the plan or the implementation process. These ramifications include, but are not limited to, requests judged by the Commission to have a regional impact. The Commission looks for substantial intergovernmental controversy; the potential for regional water quality, environmental, development and population growth impacts; and a major impact on other State or regional plans and policies. Any amendment request that proposes a reduction in the Agricultural Preservation Area identified in the Northeastern Illinois Planning Commission's Strategic Plan for Land Resource Management exceeding 100 acres or more requires Level I processing.

Level II processing means review by the Commission's Water Resources Committee of a request for boundary changes that affect only a limited geographic area or, if areawide, that have only limited policy implications. These types of changes include, but are not limited to, changes to population projections for the twenty-year planning period set forth in approved facility plans, new designated management agencies, termination of a designated management agency, changes to

NOTICE OF PROPOSED RULES

facility planning area boundaries, new or modified sewage treatment works not identified in areawide or State water quality plans and other activities where a significant amount of public interest or concern exists.

Level III processing means review by the Commission's staff of a request for those plan changes that do not involve policy changes, but rather reflect changes and corrections in the factual basis of the plan and its supporting wastewater facility tables.

Section 399.30 Related Documents

The following are materials discussed in this Part. Copies are available for public inspection or distribution at the Northeastern Illinois Planning Commission, 222 S. Riverside Plaza, Suite 1800, Chicago IL 60606.

Section 399.40 Applicability

This Part applies to each applicant who wishes to change the boundaries of a wastewater facility planning area through an amendment to the Illinois Water Quality Management Plan required under the Federal Clean Water Act. A fee schedule has been developed that will provide a system to recover the costs of performing certain types of Level I and II submittals, including land treatment as well as other methods of wastewater treatment, seeking amendment of applicable State and areawide water quality plans to reflect the establishment of a new wastewater facility planning area or a change in the boundaries of an existing wastewater facility planning area.

Section 399.50 Relation to Other Fees

The fees collected pursuant to this Part, and the fee collection procedures set forth in this Part, are separate from and in addition to all other fees established by law.

Section 399.60 Severability

If any provision of this Part or the application thereof to any person or in any circumstance is adjudged invalid, such adjudication shall not affect the validity of this Part as a whole or any provision thereof not adjudged invalid.

NOTICE OF PROPOSED RULES

SUBPART B: PROCEDURES FOR DETERMINATION AND PAYMENT OF FEES

Section 399.110 Applicants Not Subject to Fees

The following applicants are not subject to the fee schedule established in Section 399.120 below:

- a) Any Level III applicant; or
- b) Any Level I or II applicant whose submittal does not require a change in a facility planning area boundary.

Section 399.120 Fee Calculation

- a) The amount of the fees to be charged for Commission review under this Part are as follows:

- 1) Submittals involving 10 or fewer acres\$10.00/acre.
- 2) Submittals involving more than 10 acres but less than 20 acres
- 3) Submittals involving 20 acres or more

- b) The per acre rates established in this Section 399.120 are contingent upon the Commission receiving funding from the Agency in an amount sufficient for the Commission to recover, when combined with the fee paid pursuant to this Section, the Commission's costs of performing these reviews. If the Commission receives such funding from the Agency, the rates established in column A of Appendix A will apply. If the Commission does not receive sufficient funding from the Agency, the rates in column B of Appendix A will apply.

Section 399.130 Manner of Payment

- a) Payment of the fee must be made by check, independently for each request application, payable to Northeastern Illinois Planning Commission, and shall be submitted, along with the request application, to:

Northeastern Illinois Planning Commission

304.303 new section
- 4) Statutory Authority: 415 ILCS 5/13, 5/27 (1992).
- 5) A Complete Description of the Subjects and Issues Involved: The proposed rule grants temporary effluent limitations for chromium (total and hexavalent), copper, zinc, cyanide, and total suspended solids for Amerock Corporation's Rockford manufacturing facility. The roof drainage system is routed to eight separate outfalls which discharge into North Kent Creek. The proposed rule, which would expire on December 31, 2000, would allow Amerock to continue their current practices.
- 6) Will this proposed rule replace an emergency rule currently in effect? No.
- 7) Does this rulemaking contain an automatic repeal date? X Yes No
If "yes," please specify the date: December 31, 2000.

DEPARTMENT OF PUBLIC AID

NOTICE OF PROPOSED AMENDMENTS

1) Heading of the Part: Aid to Families with Dependent Children

2) Code Citation: 89 Ill. Adm. Code 112

3) Section Numbers: Proposed Action:

112.140	Amendment
112.151	Amendment
112.300	Amendment

4) Statutory Authority: Section 12-13 of the Illinois Public Aid Code (Ill. Rev. Stat. 1991, ch. 23, pars. 12-13)[305 ILCS 5/12-13]

5) Complete Description of the Subjects and Issues Involved: The U. S. Department of Health and Human Services is involved in projects called "Healthy Start". In Illinois, the "Healthy Start" Project is conducted by the Department of Public Health. The "Healthy Start" Project is only conducted in Cook County.

One of the activities conducted under these projects is a survey of community health needs that is conducted by workers from the community who are hired "short-term". The Department of Health and Human Services is allowing states to exempt these earnings as both income and assets for AFDC clients. The Department of Public Aid has agreed to exempt these earnings.

These proposed amendments establish an income and asset exemption for the "Healthy Start" Project. As a result of these proposed amendments, clients who are employed under "Healthy Start" are eligible to have their earnings from that employment exempted for a period of three consecutive months. Assets accumulated from income earned through employment under the federal "Healthy Start" Project are also exempted.

AFDC clients who are employed under "Healthy Start" will be eligible to have their earnings from the employment exempted for a period of three consecutive months. For these AFDC clients, the earnings are exempt for AFDC and food stamps. For non-AFDC clients (e.g. food stamp only cases, MANG cases, etc.) these earnings are not exempt. Any exempt earnings received during the three month period which the client saves are exempt as an asset for as long as they exist. The money is exempt as an asset for all programs. This asset exemption only applies as long as the client remains on AFC. If a client is cancelled, upon reapplication, the asset is no longer exempt.

The "Healthy Start" Project begins January 1994 and runs through September 1996. Each client is eligible to have their earnings exempted for one three-month period only. Earnings received after the one-time only three consecutive month period are not exempt.

DEPARTMENT OF PUBLIC AID
NOTICE OF PROPOSED AMENDMENTS

These proposed amendments also define how to determine if an essential person is needed for AFDC purposes. The definition of an essential person is a needy relative whose presence in the home the caretaker relative states is essential to the well-being of the family. An individual is defined as needy if the individual's income minus employment deductions is less than a "per person" grant amount (i.e. payment level divided by the number in the assistance unit, including the essential person). An essential person may be added to the AFDC assistance unit.

- 7) Does this rulemaking contain an automatic repeal date? No
- 8) Do these proposed amendments contain incorporations by reference? No
- 9) Are there any other proposed amendments pending on this Part? Yes

DEPARTMENT OF PUBLIC AID

NOTICE OF PROPOSED AMENDMENTS

1) Heading of the Part: Rights and Responsibilities

2) Code Citation: 89 Ill. Adm. Code 102

3) Section Numbers: Proposed Action: Amendment
102.25

4) Statutory Authority: Section 12-13 of the Illinois Public Aid Code (Ill. Rev. Stat. 1991, ch. 23, pars. 12-13)[305 ILCS 5/12-13]

5) Complete Description of the Subjects and Issues Involved: These proposed amendments revise current client grievance procedures by adding procedures for investigations and intermediaries and by adding procedures when a grievance is filed against a local office administrator. This rulemaking defines an intermediary as a designated staff person who investigates the grievance and determines the merits of the grievance as well as any disciplinary action that may be indicated. For local office personnel the intermediary is the local office administrator, a management person designated by the local office administrator or the next higher level supervisor if the grievance is filed against the local office administrator. For other agency personnel, the intermediary is the Bureau Chief of the employee against whom the grievance has been filed or a management person designated by the Bureau Chief.

As a result of these proposed amendments, a client may file a written grievance in any Department office even if the grievance is against a staff person not working in that office. When the client is in the local office and files a grievance against a local office staff person, the intermediary will handle the grievance. When the client files a grievance against the local office administrator, the local office administrator or designee will accept the grievance and notify the next higher level supervisor. When the client is in the local office and files a grievance against other agency personnel, the worksite manager will accept the grievance and notify the appropriate intermediary. When the client is in any other Department office and files a grievance against a local office staff person or other agency personnel, the worksite manager will accept the grievance and notify the appropriate intermediary within 48 hours.

These proposed amendments provide that when the intermediary determines that the investigation indicates a need for action, the intermediary will register the grievance and send a copy to the employee against whom the grievance was filed. Within ten days of the receipt of the grievance, the intermediary will arrange a conference between the client who filed the grievance, any representative of the client who filed the grievance, the employee against whom the grievance was filed, any representative designated by the employee and the intermediary. Within 15 calendar days after the conference, the intermediary will advise the client who filed

DEPARTMENT OF PUBLIC HEALTH
NOTICE OF ADOPTED AMENDMENTS

15) Summary and Purpose of Rules:

The rules in Part 540 establish requirements for the regulation of trauma centers. These amendments are being proposed to implement P.A. 87-1229 (effective January 1, 1993), which created the Trauma Center Fund. A portion of fines of \$55 or more collected for certain violations of the Illinois Vehicle Code is deposited and allocated for trauma center grant programs administered by the Departments of Public Aid and Public Health. The Department of Public Health is required to distribute a portion of the funds and to implement an accounting system or the distribution.

Section 540.220 is being added to the rules to set forth the distribution formula required by P.A. 87-1229. The Act requires moneys in the fund to be allocated proportionally to each trauma region so that the trauma region receives the moneys collected from within its region for violations of laws or ordinances regulating the movement of traffic. The total amount of funds per trauma region will be based on the moneys received from the counties in the region. At the beginning of each State fiscal year. Funds will be distributed within 90 days of the next fiscal year. Funds may also be distributed during the fiscal year in which they collected, based on the number of a trauma center's qualifying trauma cases in the current fiscal year multiplied by its region's per trauma case allocation for the previous fiscal year.

These amendments have been developed with input from the Emergency Medical Services Council.

16) Information and Questions regarding this Adopted Rulemaking shall be directed to:

Ms. Gail DeVito, Division of Governmental Affairs, Department of Public Health, 535 West Jefferson, Fifth Floor, Springfield, Illinois 62761, 217/782-6187.

DEPARTMENT OF PUBLIC HEALTH

NOTICE OF ADOPTED AMENDMENT(S)

- a) The Department shall distribute 97.5% of 50% of the moneys deposited into the Trauma Center Fund, a special fund in the State Treasury, to Illinois hospitals that are currently designated as trauma centers. No moneys may be distributed to a trauma center located outside of the State. (Section 14.1 of the Act.)
- b) The moneys in the fund shall be allocated proportionally to each trauma region so that the trauma region receives the money collected from within its region for violations of laws or ordinances regulating the movement of traffic. (Section 14.1 of the Act.)
- 1) The total amount of funds per trauma region will be based on the money received from the counties in that region.
- A) If a county has more than one trauma region, the moneys received from that county shall be divided among the regions based on each region's share of the county's trauma cases.
- B) Trauma regions that have developed joint trauma region plans to enable them to function as one region shall be treated as one region in the calculation.
- 2) At the beginning of each State fiscal year, the Department shall calculate a per trauma case allocation for each region, which shall be used to determine each trauma center's share of the funds collected during the previous State fiscal year.
- A) Each trauma region's funds collected during the previous State fiscal year shall be divided by the region's total number of qualifying trauma cases from that year. The resulting number is the per trauma case allocation.
- B) Each trauma center's total number of qualifying trauma cases during the previous State fiscal year shall be multiplied by its region's per trauma case allocation, to determine the trauma center's share of the funds collected during that fiscal year.
- 3) The Department shall distribute the previous State fiscal year's funds within 90 days after the beginning of the next fiscal year.
- 4) The Department may also distribute funds collected during a current State fiscal year. A trauma center's share would be determined by multiplying the number of its qualifying trauma cases in the current State fiscal year to date by its region's per trauma case allocation for the previous fiscal year.
- c) For purposes of this Section, a "qualifying trauma case" means a patient reported to the Illinois Trauma Registry who was either:
- 1) Admitted to the trauma center with an injury severity score (ISS) of 9 or greater, or
- 2) Treated in the trauma center and transferred.

POLLUTION CONTROL BOARD

NOTICE OF PUBLIC INFORMATION

NOTICE PURSUANT TO

ILL. REV. STAT. 1991, CH. 111½, PAR. 1007.2(b) [415 ILCS 5/7.2(b)]

Section 13.3 of the Environmental Protection Act (Act) (415 ILCS 5/13.3 (1992)) requires the Pollution Control Board to adopt regulations which are "identical in substance" to USEPA rules adopted to implement Sections 307 and 409 of the Clean Water Act. The term "identical in substance" is defined in Section 7.2 of the Act. Section 7.2(b) of the Act requires the Board to adopt a rule within one year of adoption of the federal rule, unless the Board extends the time based on a finding that the time is insufficient and stating the reasons for the extension. It appears that adoption of the regulations in this docket will be late.

On February 3, 1994, the Pollution Control Board entered the following order pursuant to Section 7.2(b) of the Act:

The federal wastewater pretreatment regulations are found at 40 CFR 400 through 499. This rulemaking updates the Illinois pretreatment rules (codified at 35 Ill. Adm. Code 307, 309, and 310) to correspond with federal amendments adopted in the period from January 1 through June 30, 1993. The only federal amendments adopted during this period are amendments to the federal sewage sludge management rules, adopted on February 19, 1993, at 58 Fed. Reg. 9248. Those February 19 amendments include amendments to 40 CFR 403. The Illinois counterpart to Part 403 is 35 Ill. Adm. Code 310.

The Board hereby finds that an extension of time is necessary. This proceeding has been delayed while the Board considers its authority to adopt the February 19 federal amendments under the identical in substance provisions of the Act. Those federal rules amend the removal credits provisions, limiting the availability of credits to certain contaminants based on the treatment works' sewage sludge use or disposal practices. If those amendments are viewed as substantive limitations on the treatment works' ability to manage its pretreatment program, those amendments are an essential part of a federally-approvable wastewater pretreatment program. However, the February 19 amendments assert Section 405 of the Clean Water Act as authority for the amendments. Section 13.3 of the Act only allows the Board to adopt rules that are identical in substance to federal regulations adopted under Sections 307 and 402 of the Clean Water Act.

The presently-anticipated date for further Board action in this proceeding is at the Board meeting of March 3 or 17, 1994. At that point, the Board will decide

POLLUTION CONTROL BOARD

NOTICE OF PUBLIC INFORMATION

whether to proceed with a proposal, solicit public comments, or dismiss this docket. If the Board decides to proceed, this docket will be completed as soon as possible, taking into account the required notice and comment provisions of Section 13.3.

Pursuant to Section 7.2(b) of the Act, the Board will submit a copy of the text of this order for publication in the Illinois Register as expeditiously as possible.

ILLINOIS REGISTER

EXECUTIVE ORDER
94-3

FLOOD TRANSFER III

Whereas, the Great Flood of 1993 has caused severe flooding in many areas of the state; and

Whereas, in July and early August, 1993, I made declarations of disasters for a number of Illinois counties and thereafter requested the President of the United States to declare major disasters in those areas; and

Whereas, I hereby find that the demands placed on funds regularly appropriated or transferred by me in Executive Orders 5 and 7 (1993) to the Departments of Revenue and Commerce and Community Affairs and the Illinois Emergency Management Agency in coping with the Great Flood of 1993 are unexpectedly great; and

Whereas, I find that the appropriation to the Illinois Emergency Management Agency for expenditures from the Federal Aid Disaster Fund is insufficient to match the expected receipt of federal funds to be granted to the state, local governments, individuals and families, and certain private non-profit organizations; and

Whereas, I find that other sources of money to cope with the Great Flood of 1993 are insufficient; and

Whereas, Section 9 of the Illinois Emergency Management Act, 20 ILCS 3305/9, authorized the Governor to transfer and expend monies appropriated for other purposes to cope with a disaster when other sources of money are insufficient or to borrow for a term not to exceed 2 years from the United States government or other public or private source, until such time as a quorum of the General Assembly can convene to enact legislation as it may deem necessary; and

Whereas, the President of the Senate and the Speaker of the House have certified that the Senate and House are not in regular session or in extraordinary session relating to the Great Flood of 1993;

Therefore, pursuant to the power vested in me by the Illinois Constitution, and Section 9 of the Illinois Emergency Management Agency Act, I, Jim Edgar, hereby order the following:
